OUR STORY

We are a fast growing organisation with over 3,500 people across offices in the UK, USA, Germany, and delivery centres in Central Europe and Latin America in major IT hubs like Bucharest, Cluj, Iasi, Chisinau, Belgrade, Skopje, Bogota and Sofia. We aim to be an employer of choice in all our delivery locations.

We focus on helping people succeed through a strong company culture. To support our core purpose of enabling our people to be the best that they can be, we invest in people development programmes and have created a strong learning environment.

We're committed to enabling our people to be successful not just through their technical skills, but also by helping them develop their soft skills, celebrating their stories and passions, and recognising their contribution to the growth and shaping of our organisation.

TRAINING PROGRAMME

Endava is always looking for young, passionate and smart talent. We offer an Applications Management training programme to support the growth of entry level candidates who wish to develop their technical and soft skills which will facilitate their transition to the professional life.

At the end of the programme you may have the opportunity to be fully qualified and further build your expertise in applications management.

Apply: amuniversity@endava.com

SOFTWARE APPLICATIONS FROM IDEA TO LIFE

We're looking for passionate IT students who love building things, learn how they work, improve and maintain them, alongside the necessary soft skills in order to maintain a healthy relation with various future clients.

Join our training programme in Applications Management, to discover and learn about:

- Technologies, tools and frameworks such as Spring MVC, Maven, JSF, MongoDB, HTML, CSS, web application servers, security aspects

- Application Lifecycle Management (ALM) and the advantages it has

- Continuous integration and continuous delivery, problem solving, incident and problem management

- Further improving your troubleshooting and problem solving skills

STRUCTURE OF THE PROGRAMME

Discover the technical aspects of this introduction in the applications management engineer's work, including various high level presentations and hands on workshops:

- 6 weeks, 6 trainings, every Saturday

- From February 25th to April 8th

- March 18th - a day off

- Starting from 10:00am to 12:00pm

- Location: Endava Iasi
